

Product Information

Five Star E-Z Mount Paste™

Tire Mounting & Rubber Lubricant

- Excellent Bead Packing Capabilities
- Concentrated Economical Rubber Lubricant
- Tire Mounting & Demounting
- Protects Against Oxidation

This premium quality product is a superior tire Mounting and Rubber Lubricant which is essential in the mounting and removal of tires. Five-Star E-Z Mount Paste™ will protect against bead damage and helps to form a seal between the rim and bead of the tire. Five-Star E-Z Mount Paste's special rust inhibited formulation protects against rust & oxidation under the most severe conditions. This product also prevents leakage in tubeless tires. **Mix ratio;** 4 parts water to 1 part E-Z Mount Paste.

Directions:

Mounting: Clean sealing areas with E-Z Mount Paste™ using a brush. Wipe clean. Using a swab or brush, apply E-Z mount Paste™ to tire beads and both bead ledges. **Demounting:** After the bead is broken from the rim, and before demounting, apply E-Z Mount Paste™ to bead with a swab or brush. Demount easily.

Dilution Ratio: 1 part E-Z mount Paste™ to 4 parts water, contents will produce 5 gallons of liquid mounting lubricant.
